

Caucascert	Price list - NOP	Code GC/DM/PL-10.4
------------	------------------	--------------------

The fee structure is for USDA-NOP Certification under the scope of crop production, wild harvest, producer group and processing/handling, and input approval for organic product. The following terms and conditions are applicable:

- The prices are estimated in US Dollar (Exchange rate maybe apply \$1 = GEL 2.85715).
- **The current price list is effective from 01/01/2025.**
- The prices are not VAT inclusive. 18%-VAT shall be added to all invoices for Georgian clients. VAT is not applicable on international clients.
- Inspection days are equal to 8 working hours and additional hours are charges according to the hourly basis.
- Prices are estimated similarly in case of EU- certification and USDA-NOP certification. If both certifications are applied, the operator will receive significant discount up to 25%, which will be reflected in the commercial offer.
- Operators are required to pay for all services in advance.
- Any service cost except 'Application assessment ' is refundable, if cancelled before work on the service (e.g. inspection) has started.
