Dear Caucascert Ltd,

## **Control Body recognition for export of organic food and feed to Great Britain**

I am pleased to confirm that Caucascert Ltd is recognised to certify organic products to an equivalent Great Britain organic standard from 1 January 2023 for a period of 3 years ending on 31 December 2025.

- Please retain this document for your records.
- The recognition covers the following product categories:
  - Category A: Unprocessed plant products
  - Category B: Live animals or unprocessed animal products
  - Category D: Processed agricultural products for use as food
  - Category F: Vegetative propagating material and seeds for cultivation
  - *Except in-conversion products.*
- The recognition covers activity in countries as set out in Annex A.

### **Annual Report requirements:**

- In line with Article 12(1)(b) of Retained Regulation 1235/2008, a concise annual report must be submitted by 28 February each year containing updated information submitted in the initial application (the “technical dossier”) starting from February 2023. The annual report must cover:
  - the control activities carried out by the control body in the previous year
  - the results obtained e.g. announced/unannounced inspections, sampling

- the irregularities and infringements observed, and the corrective measures taken
  - your accreditation body's up-to-date assessment report and confirmation from your accreditation body that your scopes and countries which you operate in have not changed since issue.
- Article 65(2) of Retained Regulation 889/2008 requires annual sampling of at least 5% of operators and this must be included in your annual report to Defra for all countries that you are recognised by the UK to certify in.

**Certificate issued to operators:**

- Please note that new certificates issued to operators from 1 January 2023 whose products are certified to be exported to Great Britain will need to include the following: The named operator is certified to organic standards equivalent to retained Regulations 834/2007, 889/2008 and 1235/2008 for the purpose of exporting organic products into Great Britain.

**Changes to your accreditation:**

- When your accreditation is extended, please send a copy of the new accreditation certificate as soon as possible.
- **Please notify us immediately of any changes to your and provide an updated accreditation certificate eg: changes in scope or countries you are accredited to operate in.**
- **In addition, you must notify us if your accreditation is suspended or withdrawn by your accreditation body.**
- This recognition can be withdrawn in the following cases:
  - (a) if your annual report has not been received by 28 February;
  - (b) if you do not notify us in due time of changes to your technical dossier;
  - (c) if you do not provide information to us during the investigations of an irregularity case;
  - (d) if you fail to take adequate corrective measures in response to the irregularities and infringements observed;
  - (e) if you do not agree to an on-the-spot examination required by us, or if an on-the-spot examination comes up with a negative result due to systematic malfunctioning of control measures;
  - (f) in any other situation presenting the risk for the consumer to be misled about the true nature of the products certified by you.

(g) if you fail to take appropriate and timely remedial action after a request from us within a period which we determine according to the severity of the problem. and which generally may not be less than 30 days.

**GB Certificate of Inspection:**

- Exports to Great Britain (GB) require a GB Certificate of Inspection (COI). More information can be found in Annex B.

**Third Country Control Body Queries:**
